

FLOOD TAKES MANY LIVES IN THE DES GLAISES BAYOU SECTOR—TOWN FLOODED AS FURTHER LEVEE BREAKS LET WATER POUR IN

Baton Rouge, La., May 17.—Reports that the main levee at Melville, La., on the west bank of the Atchafalaya river, broke today and that the residents were forced to flee were received. The information came from a telephone operator at Melville, who stated that virtually everything in the town was destroyed.

Melville is 130 miles northwest of New Orleans and is one of the opposite side of the river from the Crescent City and 45 miles northwest of Baton Rouge.

The levee was from 15 to 18 feet high, and John Parker, state flood director, was advised that two hours after the break, which came about 6 a.m., the crevasse had widened to 800 feet. Confidence was expressed here that no lives had been lost as most of the 1,028 inhabitants of Melville had sought refuge on the levees.

Two relief trains were reported to be standing by to remove the flood victims.

A Rush for Safety

The scene that followed the break was described to the Associated Press today by Mrs. Julia MacNeill of Melville. She was the first to escape from the town. Everyone was aroused by shots fired by the levee guards and rushed from their homes in night clothes, she said.

"They immediately scrambled on the levees where they waited for the rescue boats. They have absolutely nothing, most of them not having time to get any clothes," she continued.

"The waters rushed through the break with a roar and swept away nearby houses from their foundations, lifting them up and tossing away the boards and heavy timbers like feathers. Intermingled with the roar of the waters could be heard the screams of the women and children.

"They sat on the levees on the river bank, crying and shivering. It was dreadful."

Although in a state of nervous tension from her experience, Mrs. MacNeill went to former Governor Parker, begging him to send boats at once to rescue the people.

"They may not have aroused everyone," she added. "I am afraid that people whose homes were near

LIBERALS ALMOST SWEET

QUEBEC—TASCHEREAU GOVERNMENT CAPTURES MANY MONTREAL SEATS IN GENERAL ELECTION

The final standing in the Quebec elections Monday night was:
Liberals 72
Conservatives 8
Independent-Liberals 2
Conservative Labor 1
Election deferred 1

Total 85

The standing following the general election in 1923 was:
Liberals 64
Opposition 21

Taschereau Pleased
Montreal, May 17.—A striking approval of the policy of progress, initiative, same administration and of the union of the best elements of our people," was how Premier Alexandre Taschereau characterized the result of the provincial general election yesterday in which his government, already in a powerful majority in the last legislature, was returned with even greater following. Of the 85 seats that constitute the legislature, the party captured 72, a right and had a claim on two more, the candidates in St. Maurice and Charlevoix-Saguenay being elected as independent Liberals. The Conservatives, who had 18 members in the last house, saw this number reduced to ten. Of these, five were from the Island of Montreal, including William Tremblay, who presented himself as a labor man, but was put up as a Conservative election. The election still remains to be carried out in Gaspé, where the poll was deferred until next Monday, May 23.

Sauve May Resign
No statement has yet been given out by Arthur Sauve, the Conservative leader, and much interest surrounds his expected declaration during the campaign. Mr. Sauve made it clear that if he were not returned with a majority he would resign the leadership of the party.

There were several interesting features in the election, not the least noteworthy being the clear sweep Mr. Taschereau made of Quebec City and district. Quebec country and Quebec county were restored to the government fold. In Hull, the Conservative candidate faced a divided Liberal electorate, there being three Liberals in the field. The opposition got the benefit of this dissension. Three Rivers was the only other seat gained by the Conservatives from the government, with M. L. Duplessis taking the riding. Six Montreal divisions were captured by the Liberals and none was lost in return.

Mr. Taschereau has frequently reiterated that he will continue to pursue the policy which he has followed in the legislature—the encouragement of capital into Quebec, the exploitation of the natural resources of the province and the development of hydro-electric power. The premier was charged with turning over the resources to foreign interests, but scouted the charge with the statement that the exploitation of the province was open to all and no special interest was favored.

Big Liberal Gains
Montreal, May 17.—Premier Taschereau's plea for more representation from the city of Montreal appears to have borne fruit for in the provincial general election Monday night the metropolitan returned nine Liberals, six of whom were gains from the Conservative party. The government gained Laurier, Mercier, St. Mary, St. Henry, St. James and St. Lawrence, all of which had previously been held by the Conservative party.

Conservatives were returned in Dorion, St. George and Verdun. The latter had previously returned Hon. J. H. Dillon (Liberal), by acclamation, while Westmount again went Conservative.

MRS. McPHERSON AND HER MOTHER NOW BEING SUED FOR A MILLION
Los Angeles, May 17.—An amended complaint asking damages of \$1,000,000 for alleged defamation of character, was filed in superior court here yesterday against Aimee McPherson, evangelist, and her mother, Mrs. Minnie Kennedy, by Mrs. V. Kimball.

The plaintiff charged that Mrs. McPherson referred to her as the woman who occupied the Carmel cottage, which figured in the evangelist's disappearance investigation and subsequent trial with Kenneth G. Ormiston, one time radio operator at the evangelist's Angelus Temple.

ST. ANDREW'S PRESBYTERIAN CHURCH
Rev. A. C. Wishart, minister.
Sunday—May 22nd, 1927.
11 a.m.—This service is dedicated to the Sunday School and Bible classes. All scholars and parents and friends of the S.S. invited. An appropriate address to the Young Folks will be given.
7:30 p.m.—"One and Only One Probation."
Ladies Aid, on Monday afternoon at 3 o'clock.
The Young People's Society will meet at the Manse on Monday evening at 8 o'clock.
Prayer meeting Wednesday evening at 8 o'clock.
C. G. I. T. Girls under the leadership of Mrs. F. Morris will meet in the church on Thursday evening at 7:30 o'clock.
Choir practice Friday evening at 7 and 8 o'clock.
A cordial welcome to the services especially to those who have no church home.

The elimination of the den from modern apartments should also eliminate growing around the household.

MEETING MACLEOD BOARD OF TRADE
Monday night in the rest room the Macleod and district board of trade met for its monthly meeting, the president, H. C. Winter presiding. Several items of correspondence were dealt with, mostly relating to railway and road matters.

The question of becoming members of the Western Canada Road Service Limited, was fully discussed, and a motion was passed authorizing the president to sign a contract for same. The advertising for the town and district through this service is unlimited throughout Canada and the States, as Macleod will have a short, write-up in the strip maps, published by the service. A resolution was unanimously passed in favor of the new tourist camp, proposed by the town council on Third Avenue, opposite the Court House Square. Also approval was given to the suggested change of approach to the town from the MacKenzie Bridge and Lethbridge Trail from the Union cemetery to Third Avenue. This proposed new road, is more direct and would avoid the rough gravel of the present road.

A letter was read from the secretary of the Macleod Agricultural Society, regarding the planning of canning peas in the Macleod district. The Broder Canning Company of New Westminster, B. C., is supplying the seed free to three or four farmers in the district, sufficient to seed a quarter of an acre. The president informed the meeting that he had been fortunate in getting Norman Grier, John Emelkamp and John Edson to consent to take the peas and try them out on their lands. The Broder company are proposing to build a canning factory in Southern Alberta, and they are taking this method of ascertaining the best district for growing peas suitable for their requirements. The company also can every variety of vegetables, so the possibilities for such a factory ought to be good in Southern Alberta.

NOTICE
Notice is hereby given that the Assessment Roll of the Town of Macleod for the year 1927 has been prepared and is now open to inspection at the office of the Secretary-Treasurer of the town from 10 o'clock in the forenoon to four o'clock in the afternoon on every day which is not a public holiday except Saturday (and on that day from 10 o'clock in the morning to 12 o'clock Noon), and that any ratepayer who desires to object to the assessment of himself or of any other person must within thirty days after the date of this notice lodge his complaint in writing at my office.

Dated this 6th day of May 1927.
E. Forster Brown,
Assessor & Secretary-Treasurer.

PLAYGROUND PROVIDED BY ELKS MAKES GREAT HIT WITH MACLEOD YOUNG.

Anyone passing the court-house square at Macleod Saturday form the earliest hour in the morning till after dark would see that something unusual was taking place, from the large crowd of children present in the square. Friday night Elk Lodge, No. 129 Macleod, finished setting up the playground amusements which they have provided for the children of Macleod.

When the Macleod Elks take in hand to do anything they do it right, and they have fairly excited themselves this time, by winning the hearts of all the kiddies of Macleod, as was evidenced by the bright and happy faces of the hundreds of boys and girls who crowded the square Saturday. The outfit consists of a giant stride, six swings, an ocean wave and a high slide. The whole is made of steel and metal, all the supports being embedded in at least three feet of cement, making them very strong and substantial and safe in every respect.

The Frost Steel and Wire Co. of Hamilton, are the manufacturers and the outfit will cost the Elks in the neighborhood of \$700. Attached to each of the articles is a metal plate bearing the inscription "Presented to the Children of Macleod by the Elk Lodge, No. 129, 1927."

The committee in charge of the ordering and erection were Messrs. J. Swinerton and Frank Walsh, and much praise is due to them for the splendid manner in which they fulfilled their duties, especially to Mr. Swinerton who not only supervised the erection, but did a good part of the work himself.

This is just another example of the tangible and splendid work that is being done by Elksdom not only in Macleod but wherever they have a real live lodge.

LET'S GO HUNTING HOGS IN MAY

An exciting half hour and much amusement was caused by trying to recapture a pig in Ardenville District on Thursday the 12th, inst. After trying in vain the neighbours had to resort to calling in reinforcements at the school. The boys and girls nobly answered the call and were rushed to the scene of action in a car, and after a stiff cross-country run the pig was still leading by five lengths, but it eventually was outnumbered, and was carried back in glory by the triumphant victors.

CHRIST CHURCH (ANGLICAN)
May 22.—Rogation Sunday.

MUNICIPAL DISTRICT OF BRIGHT DISCUSSES ROAD WORK PROGRAMME

The council of Bright Municipality had a long meeting on Saturday, lasting all afternoon and evening. A great amount of business was gone through, principally planning road work and improvements for 1927. N. H. Bradley, government road engineer was present, and discussed several changes and improvements with the council. The principal change was that of the Blue Trail from the present Kootenay Trail to the Stand Off Trail, between Macleod and Cardston. When this change is completed it will shorten the Blue Trail about 12 miles, also doing away with several bad hills, and will be an all winter road, free from snow drifts. This change of trail has been approved by the Good Roads Association, and the Alberta Auto Clubs. This trail has been kept in splendid shape by the council, and will not require a great deal of preparation for travelling. The fact of a saving of about 12 miles of grading and graveling is a mighty big consideration and a great saving to the government.

An interesting item of business dealt with by the council, was receiving from the boys and girls of the district of about 10,000 gopher tails. At 2 cents each this is a nice little sum to be handed out to the young folks, and which will be fully repaid to the farmers in being rid of these destructive pests.

London, May 16.—Questioned regarding the police raid on Soviet House, Sir William Joynton-Hicks, the home secretary, told a crowded and animated session of the house of commons today that information sent to him by the secretary of war last Wednesday had satisfied him, or someone on the premises, occupied by Arcos, Limited, the soviet commercial organization. The police had taken possession of certain papers which might bear upon the matter and the examination of these was still proceeding.

Acting on the information sent by the secretary of war, the police had been authorized to search the premises under a warrant duly obtained. The search was carried out strictly in accordance with the warrant and terminated at 12 o'clock last night.

THE OTHER CHEEK

There will be no retaliation, says Immigration Minister Robert Forke, against United States for the latter's restrictions upon the movements of Canadian workmen across the boundary.

Who expected there would be? Canada has been turning the other cheek to United States in tariff matters for nearly ten years. It was hardly to be expected that she would do otherwise in immigration matters.

If Canada will put up, year after year, with the Fordney Tariff law that bars out of United States all Canadian products except those that American industry can enrich itself in manufacturing, it is hardly likely that Canada will be much concerned about an American law that bars out Canadians with jobs in United States.

How long is this cheek-turning going to go on? Canada buys \$600,000,000 worth of goods from United States every year. Canada must earn money to pay for those goods through the sale of whatever products United States will condescend to take. And United States will only condescend to take those Canadian raw materials which will earn her, through manufacture, from three to five times as much as they bring Canada.

This cheek-turning business is growing monotonous.

The Government of Canada is bound by its duty to the Canadian people to either negotiate reciprocal trade with United States or bar

Ford One Ton Truck equipped with grain body and all steel closed cab.

Does Six Weeks' Work In One

Joseph Girodat hauls his grain seventeen miles north into Gull Lake, Sask. He used to make three trips a week with his horses as that was all they could stand.

Now with his Ford Truck he easily makes four trips a day and can haul all the grain in one week that used to require six.

"When I think of the many times, returning home, I had to walk seventeen miles beside my grain wagon to keep from freezing, and compare it with my trips now in a comfortable

closed in cab, I would hate very much to ever resort to teams and wagons for hauling grain," says Mr. Girodat.

"I now eat all my meals at home, travel in comfort, and do my hauling for less money than previously. I get about seventeen miles to the gallon."

Ford trucks can be depended upon regardless of cold weather or icy roads. Many farmers have found with Mr. Girodat that "the whole thing sized up is comfort versus misery" in addition to more grain profit.

We will gladly prove to your satisfaction that the use of Ford equipment will save you time and money.

a profitable business when it is considered that the hen gives a peck for every particle of grain fed to her.

GAS COMPANY OFFER NEW ISSUE PREFERENCE SHARES

The Canadian Western Natural Gas, Light, Heat and Power Company, Limited, have sold an issue of \$1,700,000, of 6% Cumulative Sinking Fund Preference Shares to Wood, Gundy Limited, of Winnipeg. These shares are being offered to the public by representative Calgary Brokers, namely: Carlile & Farr; Lougheed & Taylor; Tull & Arden and O. C. Arnett & Company, the four largest and best known Brokers in the city of Calgary. The shares are being offered at \$97, and accrued dividend yielding 6.19%.

In view of the fact that the debenture stock which has been outstanding since 1912 has been fully provided for, the Preference shares are now the senior security of the Company, and as such are considered attractive at a rate to yield 6.19%.

In order to provide a security which will give the maximum of protection to the investor, several new features have been added to the Preference shares, including a 2% Sinking Fund commencing in 1930; provision that no mortgages or debentures may ever be placed ahead of the Preference Shares without the consent of 60% of the Preference shareholders; while the amount of Preference Shares which can be issued is limited to 50% of the valuation of the property as fixed by the Board of Public Utility Commissioners for rate making purposes.

In 1921 the position of the Company with regard to its franchise in Calgary became in doubt, nevertheless the Company have steadily improved its position, operating under the control of the Board of Public Utility Commissioners. During that period there have been two substantial reductions in gas rates and the number of consumers has increased from 12,228 to 15,736.

The tendency during recent years has been for a Public Utility Company, such as the Gas Company in Calgary, to operate under the control of Public Utility Commissioners both in Canada and the United States, rather than under franchise rights only.

It is anticipated by Wood, Gundy Limited, who have underwritten the issue, that a wide distribution will be obtained throughout Canada as the security being the first charge on an old established company with adequate earnings will prove an attractive purchase to experienced investors.

ALBERTA WHEAT POOL NEWS
Alberta Wheat Pool local elevators have handled a total of over five and a quarter million bushels of wheat from the 1926 crop.

The Pool has forty-two local elevators in operation at the present time. One hundred additional elevators will be built or acquired during the spring and summer.

The average handling of the Pool elevators to date is 124,789 bushels per elevator. Some of the elevators were not opened until late in the fall of 1926. On the whole the record of the Pool group of "houses" has been satisfactory.

Strome Pool elevator heads the list with total handling of 266,979 bushels. C. K. Kreuger is manager of this elevator. Ponoka Pool elevator, C. G. Sheltons, manager,

New Issue

\$1,700,000

The Canadian Western Natural Gas, Light, Heat and Power Company, Limited

6% Participating Sinking Fund Preference Shares

Preferred as to capital and dividends. Cumulative dividends at the rate of 6% per annum payable quarterly March 1st, June 1st, September 1st and December 1st, by cheque payable at par at any branch in Canada of The Royal Bank of Canada, or in United States funds at the Agency of The Royal Bank of Canada in New York. Redeemable as a whole or in part at the option of the Company on any dividend date on sixty days' notice at 105% of par value plus accrued and unpaid dividends to date of redemption. In addition to the fixed dividend of 6% per annum, holders of Preference Shares shall be paid a further dividend of 1% per annum, in the event of the Company declaring and paying dividends at the rate of not less than 7% per annum on the ordinary shares.

The Company operates under the jurisdiction of the Board of Public Utility Commissioners for the Province of Alberta, which has the right to supervise operations of the Company's properties and to fix, determine and regulate rates so as to provide a reasonable return to the Company and ensure the sale of gas at equitable rates.

Annual Sinking Fund to commence December 31, 1930, for exclusive retirement of Preference Shares, equal to 2% of all issued Preference Shares.

There will be placed with the Montreal Trust Company for the exclusive retirement of the Company's 5% Registered Debenture Stock a sum equal to the par amount of all such Debenture Stock now outstanding. These Preference Shares, therefore, will be, in effect, the senior security of the Company.

For detailed information, we refer to the prospectus containing letter from Mr. C. J. Yorath, President of the Company, which has been summarized in part as follows:

The Company

The Canadian Western Natural Gas, Light, Heat & Power Company, Limited, produces and distributes natural gas for heating and industrial purposes to the cities of Calgary and Lethbridge and the towns of Granum, Claresholm, Macleod, Nanton, Okotoks and Brooks. The Company serves a population of approximately 85,000 and the number of consumers has increased from approximately 5,000 in 1913, to in excess of 15,000 at the present time.

Properties

The Company owns 21 producing gas wells, mainly in the Bow Island and Foremost gas fields. The Company has entered into an agreement to purchase substantial quantities of gas from the Royallite Oil Company, Limited (a subsidiary of Imperial Oil, Limited), which operates important wells in the Turner Valley.

Earnings

For the three years and three months ended December 31, 1926, net earnings available for dividends on Preference Shares and income taxes, as certified by Messrs. George A. Touche & Company, Chartered Accountants, Calgary, were at the rate of \$436,429 per annum—equal to over 2.8 times dividend requirements on all Preference Shares now outstanding, including those proposed to be issued.

The above earnings are after operating expenses, including maintenance and repairs, and after deducting an average of \$185,977 per annum set aside for amortization in accordance with Order of the Board of Public Utility Commissioners for the Province of Alberta, dated November 16, 1926.

Assets

Tangible assets of the Company, as determined by Board of Public Utility Commissioners for the Province of Alberta for rate making purposes, were valued, as at November 16, 1926, at \$6,192,440, or equal to over \$238 for each \$100 of par value of Preference Shares now outstanding and including those proposed to be issued.

Preference Shares

The authorized amount of Preference Shares of the Company is \$3,000,000, of a par value of \$100 per share, of which \$2,600,000 par value will be outstanding, including the shares proposed to be issued. Preference Shares are preferred as to capital and dividends, but they are non-voting, unless four quarterly dividends shall be in arrears.

Except with the consent of holders of 60% of all Preference Shares outstanding, the Company shall not permit the creation of any further mortgage or charge upon its properties to secure any issue of bonds, debentures or debenture stock, nor, except with such consent, shall the aggregate in par value of all Preference Shares to be at any time outstanding exceed 50% of the value of the Company's fixed assets to be determined upon the same basis as that fixed by the Board of Public Utility Commissioners for the Province of Alberta.

We offer these Shares for delivery if, as and when issued and received by us and subject to the opinion of our Counsel at:

Price: 97 and accrued dividend, yielding 6.19%

LOCAL NEWS

David Wilson has moved into Macleod from Stand Off and has taken up residence in the house he lately purchased from C. Butcher.

Hugh Mackintosh returned on Tuesday of this week from Saskatchewan where for the past few weeks he had charge of the Canadian Forestry Association Tree Planting Car.

Mr. Cockburn, of the School of Agriculture, Claresholm, will be in Macleod on Saturday, May 28th to meet all the boys and girls of the Pig Club. Mr. Cockburn is bringing a number of moving pictures, in connection with Pig Club work. The meeting will be held in the Rest Room at 2:30 p.m.

Rev. W. H. Irwin and Rev. C. H. Cooper attended the Presbytery meeting held this week in Lethbridge. James Rothney was the lay representative. Rev. John Garden, of Pincher Creek, the chairman, with all members except one, were present with a large number of lay members. The business of the year was completed, and preparations made for the Provincial Conference, which opens in Calgary on May 25th. Every minister is a member of the Conference, and an equal number of lay delegates have been elected. Among these are Fred Presley, of South Macleod, and A. F. Grady, Macleod.

STAND OFF WOMEN'S INSTITUTE HELD INTERESTING MEETING

The Stand Off Women's Institute met last week at the secretary's home, Mrs. E. A. Whipple, when

there was again a splendid turn-out of members present. Mrs. G. P. Rowe was the convener for the meeting, and provided a most interesting programme. The usual routine business was conducted, principal of which was the appointment of Mrs. W. Hovis as delegate to the Edmonton Convention on May 24 to 27th. Another interesting item was the conferring on Mrs. M. Whipple, Sr., of Macleod an Honorary Membership of the Institute in recognition and appreciation of her valuable services in helping to organize and get the Institute going. Mrs. Rowe, who is convener of the Child Welfare and Public Health section of the Institute, gave a most profitable and instructive paper on that subject, which was very much enjoyed, the paper being brimful of simple and useful everyday suggestions on these important matters. Miss Hall gave a delightful and amusing recitation, entitled "When the Women Folks Go Away." Mrs. W. E. Young, in her charming manner, gave a reading entitled "Following Daddy's Footsteps." Mrs. Walter Loyd, in her section, gave an exceptionally good account of "Current Events," touching all the principal topics of the day. After the program the hostess provided a bountiful supply of dainty and appetizing refreshments.

REGULAR MEETING MACLEOD TOWN COUNCIL

The Macleod town council met Monday night in the regular monthly meeting with Mayor J. W. McDonald, K.C., presiding and all councillors present. A considerable amount of regular business was transacted, dealing principally with town lots, passing for payment the monthly accounts and street repairs. The departure of Mr. Oliver, superintendent of the utilities,

necessitated the temporary rearrangement of the staff. Marshall Hill, who has been one of the engineers at the power house for many years, will take charge of the power plant, and W. Platt will look after the streets and public works. Mr. Platt has been foreman on this job for two or three years. J. Sutherland, electrician, will be responsible for the outside electric light department. These appointments are only temporary in view of the possibility of the hydro power company making an agreement with the town of Macleod.

MACLEOD BASE BALL CLUB DANCE WAS ENJOYABLE AFFAIR

The baseball boys of Macleod held a dance in the Hudson's Bay Hall last Friday night which was well patronized, considering the busy season among the farmer folks. The baseball club was organized a few weeks ago and were fortunate in securing a bunch of real live wires as officers, who are leaving no stone unturned to make baseball a big success in 1927. Baseball or any other kind of sport cannot be carried on without funds and so the executive are taking time by the forelock, and gathering in the shekels before the actual season's play begins. And so the proceeds of last Friday's dance will add a considerable amount to the funds.

The president of the club, Darold Davis, was master of ceremonies, and carried out his duties to the satisfaction of the large crowd present, while W. O. Long, the genial manager of the club, sat at the receipt of custom and gathered in the dollars. The Gaiety Five orchestra supplied the music and dainty refreshments were served at midnight.

DUNLOP TIRES

THAT splendid appearance of Dunlop Balloons is no guess-work. That rugged road resistance is not there by chance. That adequate resiliency was no blind selection.

her innocent sweetness attracts Roselaf, the chorus master and theatre manager. How the various forces clash and which one wins is interestingly unfolded. The picture is interspersed with comedy as well as tense suspense and drama.

UNUSUAL NOVEL PLOT IN NEW THOMSON PICTURE

With Fred Thomson playing the role of a surgeon who abandons his career and comes West to be a ranch-owner, his latest F.B.O. release, "Lone Hand Saunders," is coming to the Empress Theatre next Friday and Saturday. The plot of the story is unusually novel, and builds up to a striking climax of tremendous power. Reaves Eason's direction is largely responsible for the unity and interest of the picture, which increases steadily to the final scenes. Beas Flowers makes a lovely and appealing heroine, and little Billy Butts is splendid as the crippled boy who redeems the surgeon. Frank Hagney's work as the heavy is forceful and convincing, and William Courtwright, Bill Dyer and Albert Prisco give excellent support. Plenty of original and thrilling situations, and delightful touches of comedy feature the production, as well as the almost human work of Thomson's famous horse, Silver King, and in every way the picture is one of unusual merit. Frank M. Clifton wrote the story, and Del Andrews made the adaptation and continuity.

"THREE WEEKS IN PARIS"

Warner Bros. have assembled an all-star cast, headed by Matt Moore and Dorothy Devore, for their production of "Three Weeks in Paris," the Gregory Rogers story which is coming to the Empress Theatre on Monday and Tuesday. Willard Louis, Gayne Whitman, Helen Lynch, John Patrick and Frank Bond are included in this cast, and Roy Del Ruth directed. The story concerns the hilarious adventures of a wandering bridegroom in Paris while his trusting bride waits at home, and was adapted to the screen by Darryl Francis Zanuck.

CHRYSLER

The Competitive Significance of Chrysler's Rise to 4th Place

27th—18th—then 9th—and now 4th place in volume in the industry!

Such is the sensational three-year advance of Chrysler—on and upward to new heights of success.

Public preference for Chrysler products has thus been unmistakably expressed.

And, at the same time, are clearly evidenced the splendid sales achievements of the fine Chrysler dealer organization.

The public has endorsed Chrysler in the four great quality fields of the automobile market with its record breaking patronage—

First, because of Chrysler engineering and manufacturing genius.

Second, because of Chrysler performance, beauty, riding comfort, value and long life.

Third, because of the soundness of Chrysler Standardized Quality line of 36 body styles, priced from \$940 to \$4675, enabling Chrysler dealers to dominate the four great quality car markets.

REACH & COMPANY, Ltd.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

Our stock of groceries is so often turned over that it is impossible to have any stale or old stock. We have the Walker Bin Fixtures, making it hard for mice and flies to get in. These patent bins are famed all over Alberta for their sanitary purposes. Although "Mother's Day" has passed, this does not mean the passing of the flowers, which celebrated that day. We shall continue the sale of pot plants, cut flowers, bulbs and bedding plants. A few flowering plants adds to the attractiveness of a home. A store window with flowers nicely arranged draws the lover of the beautiful and one sells the other, it is a paying drawing card. We do not brag about our prices whether in groceries or dry goods. But we know that we can't be beat. Occasionally rival stores will pick out a few leaders and hope the public will think that all the balance of their goods are on a par with the baits shown from time to time. If a customer comes in with her mouth full of the wonderful prices she has been offered—providing it is not below cost we tell her we will do the same. Of course if they keep this up, their creditors will ask them when settlement day comes—where are your profits? You do not meet your notes as punctually as you used to do and when he explains for catching trade he has sold in many cases at cost. The creditor says that kind of business never paid.

REACH & COMPANY, Ltd.

To those who regard a car as an Investment

McLAUGHLIN-BUICK enjoys the largest measure of public confidence and popular acceptance ever accorded any fine car because McLaughlin-Buick represents the safest investment, the firmest security and the highest return.

The buyer of a McLaughlin-Buick consciously invests his money in more miles of transportation, in greater comfort and luxury, in more satisfying performance, in absolute dependability.

Such phenomenal advances as the McLaughlin-Buick Engine, Vibrationless beyond belief—Torque Tube Drive—Mechanical Four-Wheel Brakes—Sealed Chassis—Vacuum-cleaned Crankcase—are evidences of the firm determination to keep McLaughlin-Buick always the standard by which automobile investment values are judged.

Those who regard a car from an investment standpoint should first consider McLaughlin-Buick, not merely its quality and beauty today, but its lasting dividends of undiminished satisfaction.

MISS A. M. WILSON

Sufficient Speed For Any Sane Person

The toughest car you can secure.
A new riding comfort unsurpassed
in any light car.

There is only one justifiable reason why anyone will buy any other car than the Ford—that reason is vanity. For service, for economy of first cost and upkeep, for comfort, for speed and for pure unadulterated toughness there is no automobile on the market at any price that will surpass the performance of the New Ford.

The new models feature with other vital improvements Duo finish, Balloon Tires, Hot Plate Vaporizer, all without extra cost to you.

Phone 85 for demonstration.

MACLEOD MOTORS
STEWART BROS., MANAGERS

the size of the tractor and the number of plows.

Mrs. T. B. Martin was a Lethbridge visitor on Monday of this week.

F. Turnstall, of the Grand Hotel, Butte, Mont., was a visitor to Macleod this week.

H. Reynolds, of Calgary, was in Macleod on Friday last visiting C. P. McGladdery.

J. Swinerton, of the Empire and Queens Hotels, was an auto visitor to Lethbridge this week.

G. R. Falcon, of Edmonton, was in town this week calling on his friends in Macleod and district.

Supt. Graham, of the London Life Insurance, was here this week visiting O. J. Wood, local representative.

George Skelding has been confined to his bed for the past few days suffering from general breakdown.

S. E. Gust, of Medicine Hat, was in Macleod Monday on business in connection with The S. E. Gust store at Macleod.

Allan Dunbar, son of Mr. and Mrs. W. Dunbar, of Macleod, who is confined to the Lethbridge Hospital is reported not progressing satisfactorily and his condition is causing great anxiety to his parents.

Misses Margaret Victoria Shield, Dorothy Dufour and Annie McDonald (the latter being also formerly of Macleod) were successful in graduating as trained nurses from Calgary General Hospital on May 10th.

The Sunday morning services in St. Andrew's Church is given over to the boys and girls of the Sunday School. A girls' choir will lead the singing, and a special address, appropriate to the occasion, will be given to the young people. All parents and friends of the Sunday School are invited to attend at the usual hour—11 a.m.

Mr. Russell Hunter, B. A., from Princeton Theological Seminary, N. J., arrived in Macleod last week to take up work in the Stand Off Mission Field under the auspices of the Presbyterian Church. He will conduct services at Stand Off, Ardenville and McBride Lake school houses every Sunday during the summer. This is the one half of the field occupied by Mr. D. Munro, Presbyterian student, last summer.

Those who have their own way should be willing to assume all responsibility for the consequences.

If a penny only had the fragrance of a rose!
